Rule Changes - 2021 Y(accept) - N(reject)

Date	Submitted Rule	Pass / Failed
R1 4-20-20 Texan	<p>Choose One Regarding the Rookie Draft Only: Note: Season draft does not change as far as order or serpentine.</p> <p>A. <Proposed Change> Change the rookie draft from serpentine to linear draft. Picks 1 and 2 will still be the winner and loser of the Toilet Bowl. Use the random order for picks 3-12 or previous finish order to be used.</p> <p>B. <No Change> Continue random draft order and use serpentine draft with picks 1 and 2 final Toilet Bowl teams.</p> <p>C. <Hybrid, & added Free Agents Option > Continue random draft order and use serpentine draft with picks 1 and 2. Change to Linear for 3rd and 4th rounds open-up to Free Agents &/or Rookies.</p> <p>3rd and 4th Rounds Pool players expanded to Free Agents; Note - Team 1 get "#1" pick for new pool of available players</p> <p>Note 2022 rookie draft will be linear and draft order will be by previous years finish. T Bowl 1-6 then Championship 7-12</p>	<p>A. - 7</p> <p>B. - 4</p> <p>C. - 1</p>
R2 11-5 Texan	<p>Change the rookie practice squad charge rule - If a rookie practice squad player is activated for a player moved to IR or PS, it will not be a charged move, if activated, it will still not allow the rookie to be placed on the PS again. Currently a charged move to and from the PS.</p>	<p>No change</p> <p>6 - 5</p>
R3 11-22 Texan	<p>Due to Covid Extra money from Banquets</p> <p>A. Take the extra money at years end (as of 12 22 84.00) and divided the money (50/50) between the Super Bowl Champion and Toilet Bowl winner with a maximum payout of 150.00 per each. Super Bowl is now 110.00 and Toilet Bowl winner is 100.00. Extra after the extra payouts would be carried over to the next season</p> <p>B. B.*End banquet. Keep 120 league fee and take money and give 40.00 to Super Bowl winner (150.00) and 50.00 to Toilet Bowl winner (150.00). That would leave 30.00 left for the league. Take that 30.00 plus 10.00 carry over money and restore all weekly highs to 40.00.</p> <p>C. Spread it out over the Super Bowl High Points, 4 weeks, \$30 each added. (Example McGibblets 160pts, Warthogs 112pts, Fixer Uppers 120pts, LA Warlords 98pts)</p> <p>D. Have a Super Banquet (aka Party)</p> <p>Note this would be modification for next year only!</p>	<p>A.</p> <p>B.</p> <p>C.</p> <p>D.</p>

R4	1-10-21 McG	Change Super Bowl Lineup deadline A) All players locked at kickoff 1st game of the week B) Early Thu/Fri/Sat games are locked at kickoff others locked Sunday @12pm C) Game Time players locked at scheduled kickoff of their game	A. B. C.
SR5	6-3-21 Texan	One team drafted rookie can be put on the practice squad by the date set by the league for the teams protect list, which is after the cut to 20 player roster. The rookie put on the practice squad will then open that round in the season draft. Rounds 15-18/19 depending on how many rookies are drafted by a team. Once on the practice squad you are allowed 1 more move to activate the player, after he must remain activated or waived. The rookie will count towards the 7 player limit - free keepers and 5.00 for each player over the free limit. Rookies placed on IR and placed on the IR list and don't count against the practice squad move. The rookie on the practice squad who is then injured and placed on the NFL teams IR list can be moved to league's IR list but once the NFL team activates the player, the 1 week rule is in effect. Activate or release the rookie player. If not activated or released in 1 week, the league will release the rookie and notify the team. If the rookie has been on the PS then moved to IR, they can't be put back on the practice squad. FFL team's may choose to keep the rookies on the practice squad even if NFL team puts him on IR. The rule will either PASS or FAIL in two weeks after (6-3-21) today. due by. 6-17-21. 1 vote per team is allowed.	Pass 8 no votes 4

ACCEPTED - On 12-16-2020 - The NFL owners discussed going to a 17 game schedule. The schedule as of now will be one game against a opposing conference on a rotating basis and based on the previous year's standings. For the FFL89 it would be by a non-division team rotating every year by division and previous years finish. This is all based on what the NFL and NFLPA approves and if it happens in 2021. Allot needs to be discussed as far as contracts, bye weeks and NFL - NFLPA agreement. FFL89 scheduling - 1st game of the year

Changes for 2021 Rookie and season drafts

For the 2021 Rookie draft we thought that things were starting to get back to normal but a big change happened. Delta virus. So, we will once again be having the draft online only. The draft was the best part of starting a new season where we were at the Pub drafting, eating and drinking. Whatever we had a taste for. As in 2020, the drafts were online only, and will also be that way for 2021. Maybe it will be better in 2022, so we can once again get back together and return to the type of drafts we had in the past. We can only hope. To all, stay safe and healthy.

The last year for Draft Order program.

The rookie draft order will now be decided by the previous year's finish.

We used the program for the 2015 – 2021 rookie drafts.

In 2022 both the rookie and season draft orders will be decided the same way. Toilet Bowl teams, 1-6. Championship teams. 7-12.

2021 SEASON

IS

HERE

Our 33rd season is about to begin and thanking everyone for helping make the league what it is today; Who would have know 33 years ago when we start that we would still be here today looking forward to Sundays from September to February. Thanks again to all the team owners and have a great season.

33 years. Can't thank you all enough.

Rick
